Sprint - 4	Publish Website	USN - 10	As a programmer, I should publish the dashboard so that the user can access the website from any device through internet	3	High	Rajeshkumar N,Hariprasanth KK,Harish P,Vasanth M

Embed Dashboard into Website:

(You can access your sales dashboard when you successfully signup and login through the website)

Publishing the Website:

(You can access our website on skysales.epizy.com)

The screenshot displays the SKYSALES website interface. The header includes the SKYSALES logo, navigation links (Home, Features, About Us, Services, Contact Now), and a Login / Signup button. The main content area features a large banner with the text "WELCOME TO SKYSALES" and "Activate your data & to drive Sales growth". Below the banner, there is a call to action: "Contact Now and Message Us to create your Sales Dashboard and find out how you can leverage your sales data to deliver actionable insights that will drive your business forward".

Overlaid on the bottom right of the website is a preview of the "GLOBAL SALES DATA ANALYTICS DASHBOARD". The dashboard includes various filters (Year, Gender, Age, Location, Category, Product Type, Rating) and several data visualizations:

- Summary Metrics:** Total Revenue (\$106M), Total Customers (113K), Total Products (45), Avg. Delivery Days (10), Total Return Products (31K), and Avg. Star Rating (3.5).
- Top 3 Most Ordered Products:** A donut chart showing the distribution of top products.
- Top 3 Most Ordered Product Categories:** A donut chart showing the distribution of top categories.
- Top 3 Most Ordered Product by Sub-Category:** A donut chart showing the distribution of top sub-categories.
- Total Customers by Year, Quarter, Month & Day:** A line chart showing customer growth over time.
- Revenue by Product:** A bar chart showing revenue for different products.
- Revenue by Location:** A bar chart showing revenue for different locations.

The Windows taskbar at the bottom shows the system clock as 10:45 AM on 11/18/2022, along with various application icons and a search bar.
